Ministry and Life Institute (MLI) is part of the NADD Deacon Institute Series that is offered in collaboration with the USCCB Committee on Clergy, Consecrated Life and Vocations. MLI concentrates on the post-ordination path and expands on the brevity of the National Directory's seventh chapter, "Post Ordination Stage of Diaconal Formation." MLI provides deacon directors with practical insights and guidance that can be applied to support and manage deacons in dioceses on behalf of their local Ordinary.
